## Transparency Reporting at Kyowa Kirin Limited

### Methodological Notes for Transfers of Value for 2020

#### 1. Introduction

Kyowa Kirin Limited (KKL) is committed to supporting healthcare and the development of patient care across the UK and Ireland. As such, we are pleased to offer support to the organisations and practitioners who are central to making this happen. The support of Healthcare Organisations (HCOs) or Healthcare Practitioners (HCPs) through the provision of funds or services is essential to this. In accordance with The Association of the British Pharmaceutical Industries (ABPI) Code of Practice 2019 and The Irish Pharmaceutical Healthcare Association (IPHA) Code of Practice V8.4 publishes details about transfers of value to these individuals and organisations annually and are the reference documents for disclosure of Transfers of Value made in 2020.

Each Kyowa Kirin affiliate in Europe is accountable for capturing and validating data in their nation and we make one disclosure per market. This disclosure covers transfers of value to HCPs and HCOs which are registered in the UK and Ireland.

This disclosure (2020) excludes the following transfers of value:

- Hospitality cost (e.g. meals and drinks) unless these are an integral and inseparable part of contributions to the cost of events
- Informational and educational materials and items of medical utility, in line with article 9 of the EFPIA HCP/HCO Disclosure Code
- Logistical costs related to KKI-organised meetings (e.g. room hire)

As the ABPI and IPHA Codes of Practice only relates to transfers of value to HCPs and HCOs, this disclosure does not include:

- Donations to non-HCOs
- Support provided to Patient Organisations. This is disclosed in a separate report.

### **3. Date of Transfers of Value**

The date of the transfers of value included in this disclosure is based on date of payment (where the transfer of value is a payment).

If the transfer of value is a benefit in kind, it is based on the date of payment

### **4. Direct and Indirect Transfers of Value**

For direct transfers of value, the recipient is considered to be the person or entity holding the bank account receiving the money.

Kyowa Kirin Limited also provides indirect transfers of value.

In the case of payments that are made through Clinical Research Organisations, these are included under Research and Development and reported in the aggregate

Where a third party has been appointed by an HCO to manage an event, and where the HCO benefits from the transfer of value, these transfers of value are disclosed against the HCO.

Where third parties are appointed by KKI to make travel and accommodation arrangements for HCPs, the transfers of value are reported against the HCP who received the benefit.

### **5. Cross-border activities**

Kyowa Kirin International (KKI) makes best efforts to capture and report all transfers of value to HCPs and HCOs with primary practice in a country with EFPIA Disclosure Code or other transparency reporting requirements. The country of disclosure is based on the HCP's principal practice or the HCO's country of registration.

The methodology for capturing and reporting spend may vary across affiliates within Kyowa Kirin International plc.

## **6. Consent**

In the UK and Ireland HCOs are reported with the need for consent.

HCP's consent is collected at the time of contracting. If consent is not provided, the transfer of value that they have received is included in the aggregate amount. If no response is received a "no" response is assumed, and the data is also reported in the aggregate.

Our report of transfers of value in 2020 is published on <https://international.kyowakirin.com/uk/transparency/> in English.
